			Cost Per 100 at 4000# Yield		1.77
			Cost Per 100 at 3000# Yield		2.27

EQUIPMENT LIST FOR BARLEY PRODUCTION

Wheel Tractor 50 H.P.	7,500	10% barley	\$ 750.00
Disk	2,000	10% barley	200.00
Harrow	500	10% barley	50.00
Grain Drill	1,000	100% barley	1000.00
Ditching Equipment	500	10% barley	50.00
Irrigation Equipment	100	100% barley	100.00
	<hr/>		<hr/>
TOTAL	11,600		\$2150.00

INFORMATION ON PRODUCTION COST TO HELP CLARIFY DATA

1. Data is based on 100 acre operation, double cropped to lettuce, with 10% of most of the equipment charged to barley.
2. New cost of equipment used to figure depreciation and interest.
3. Depreciation is on a per-acre basis on ten years life. Interest is figured on 1/2 the cost per acre at 6%.
4. Labor rates at:
 - a. \$2.00/hour for tractor and equipment operation.
 - b. \$1.78/hour for other labor.
5. Tractor charges include fuel and repairs.

Wheel tractor 50 H.P. at \$1.27/hour

Fuel costs: a. Gasoline at 20¢/gallon
b. Diesel at 16¢/gallon
