- (1) Land value includes investment in irrigation facilities and fences.
- (2) One bull replaced every 2 years. Value of 1/2 bull credited to each year's income.
- (3) Cold or dry winter will require some supplemental feed.
- (4) Assumed that an operator with 100 cows will trade labor with neighbors. An operation from 300 - 500 will require a full time man for cattle and one irrigator.
